

Here I am waiting  
Waiting for my trial  
waiting for my lawyer  
to finish looking  
                  through my file  
I hate it when I  
    have to wait  
For the things I need  
    like waiting half an  
hour  
Just to get a lousy feed

I wait for his honour  
to throw away the key  
I wonder why I do it  
I know he wouldn't wait  
for me  
    But that's the way  
The system treats the  
    Ones that break the  
law  
It makes you wait  
    forever  
    Just to sentence you  
                  To Four
